Correspondence ending with letter No 18113 dated 2-4-42 from the Chief Engineer of Mysore
Re Repairs to the newly formed road near the Monkey Tope - Bangalore.

The Mc Commissioner Bangalore city Municipality requested in his letter No A_2 509/41 dt 11-11-41 that the newly formed road near Monkey Tope (Watsons garden) may be got repaired by the PWD as it was badly cut up

2 It is reported by the Ch Engineer, that this road was formed by the Municipality from State grants & that it has not been transferred to PWD for maintenance As the road lies within the Municipal limits the Ch Engineer says that its maintenance has to be looked after by the Municipality and not by the PWD

3 If approved, the Municipal Commissioner will be informed accordingly with the Concurrence of the Law Secy

Repairs to the newly formed road near the Monkey Tope and transfer of the area to the Municipality

---

In continuation of this office No 16841 dated 13-3-1942, on the above subject, I have the honour to forward herewith, a copy of letter No 1339 dated 10th February 1942 addressed to the Superintending Engineer, Mysore Circle, by the Assistant Engineer, Buildings Range, Bangalore in the matter and to state that it is seen therefrom that the road in question was constructed by the Bangalore City Municipality from the State Funds There is nothing on record to show that this road was handed over to the Buildings Range Bangalore for maintenance Hence, no repairs or maintenance work is being done by this Department In these circumstances, the question of transfer of the road for maintenance to the Municipality does not arise

Repairs to newly formed road near monkey Tope, Bangalore and transfer of the area to the Municipality, Bangalore City

---

With reference to the Superintending Engineer's No 11359 dated 17-1-1942 forwarding for report a copy of letter No A 2 56/41 dated 11-11-1941 from the Municipal Commissioner, Bangalore City, to the Secretary to Government, Law Department, Bangalore, I have the honour to report that the road in Question was constructed by the Bangalore City Municipality from out of State Funds There is nothing on record to show that this road was after construction handed over to this Division for maintenance by the Public Works Department and so hitherto no repairs or maintenance work is being done by this Range In these circumstances, the question of transferance of this road and the area to the Municipality by the Buildings Range, does not arise at all

This road as enclosed plan of the Wilsons Garden extension lies within the Municipal limits adjacent to the extensions under formation now by the Buildings Range and may be linked up with the roads and being formed in the extension and form part of it

The road has been recently formed and does not require extensive repairs Owing to the road not having been linked up with the Sydney Road by the Cantonment area by extending it through the Cantonment limits which work by the way has to be done by the Civil and Military Station Municipality is not much used and light jungle has grown up here and there, loose metal coming up at places and road requires a little blindaging These repairs are to be undertaken by the agency who constructed the road and who are in still charge of it In this connection, I invite kind reference to letter to the Municipal Commissioner in this regard vide copy enclosed (No 1150 dated 23-10-1941)

If

If approved these minor repairs which may not cost more than about Ps 50/- will be got done by this Range charging it to the extensions I request early orders in the matter
